“ This is a photo Uncle Gene sent me back in the late 1990's. It is the Kopyar Blue Jean Family Portrait. Single children were on the left (Vickie and Matt). Married children on the right (Michelle, Bobbie Jean). It was taken December 1996.

“ Uncle Gene was always quick to return an email with a question concerning the Kopyar genealogy. Along with many wonderful family images, he provided me answers with the classic Slovak doll which I received from Great Grandma Miklas when I was born to many years later a copy of the extensive family chart of the Kopyars and a copy of the Powell/Kopyar MGL booklet written by Donald R. Powell. His willingness to share family history and his generosity of time will not be forgotten. My thoughts are with your loving wife and children. Your very grateful niece in Houston, Texas
