“ Evelyn was the last of her generation of Hagens. Henrik had five siblings, two sisters and three brothers, all of whom settled in Southeastern Wisconsin and Northern Illinois. I remember while I was growing up and beyond, Henrik and Evelyn often traveled from Minneapolis to Southeast Wisconsin to celebrate holidays and special occasions. There were eight of us nephews and nieces, all fairly close in age, so weddings were fairly frequent for a few years. It was always great to see them as they were such a fun couple to be around. As travel became more difficult for them in later years we saw them less frequently. My mother Dagny, Henrik's sister, kept in contact with Evelyn by phone fairly often until the last couple of years, when my mother's dementia made communication impossible. I'll always remember Evelyn as one of my favorite aunts.

“ Evelyn and my mother Arlet Engeseth Anderson were first cousins. I remember meeting Henrik and Evelyn when they came to our farm near Elmore, MN, to hunt pheasants every fall when I was in high school. I remember my senior class trip to the Cities and Henrik and Evelyn picked me up at the hotel and took me out for supper and I thought that was very special. Evelyn worked at the State Fair for many years and when our children were in 4-H and won trips to the fair we always stopped to visit with Henrik and Evelyn and usually had lunch together. Henrik and Evelyn made a trip to Fairmont, MN in 2000 to help celebrate my dad's 90th birthday and gave him a colored picture of my mom, dad and myself at the farm where they always hunted pheasants. I have this picture sitting on the dresser in our spare bedroom and cherish it. I send her a card every Christmas and this December was our 60th wedding anniversary and sent her a picture and I did receive a Christmas Card from her.
