“ My sympathy is conveyed to Everett's family, especially Joyce and Marjorie, who I have not seen since our high school days. I played football with Everett on the AHS team in the 50's. He was fast, strong, and great on defense. While I have not seen him since then, I am sure that he lived his life to the fullest--as we all should do. For his friends, I suggest that you identify his best trait and attempt to emulate that. Then, he will always be with you.
