“ So sorry to hear about Florence’s death. Was in a spiritual group with her and had a wonderful time chatting. She also did interior design for my husband and I, awesome decorator! You are definitely missed in my life! 🙏🙏🙏🙏🙏

“ *It is with heavy heart that I write this remember my beloved aunt and godmother Florence. Though the years have separated us by distance and time, the fond memories I hold of her remain vivid and cherished in my heart. The sorrow of families drifting apart is profound, and the loss feels even more acute when I think of how she impacted my life.*

*My aunt was a beacon of warmth and kindness in my early years. I recall her gentle smile and comforting presence. She was the example of class and feminine poise. Her artistic talent will never be forgotten.*

*As I began my journey to becoming a nurse practitioner, I often thought of her, wishing could have seen the path I traveled, the challenges I overcame, and achievements I made. Her inspiration would have been invaluable.*

*Though we had not seen each other in many years, she was never far from my thoughts. The distance did not diminish the gratitude I felt for her. I hope she knew how influential she was in my life, and I will always carry her in my heart. I wish we all could have remained connected. Life is fleeting and the ties that bind us are precious. I will honor her memory always.*

*With deepest sympathy and love,*

“ Florence became a friend after she had become my personal Interior Decorator Guru. She was so gifted in her ideas and suggestions to me ( for over 50 years, I think).

Dawn, you were also in my life when you painted my living room and dining room. You were very special in Florence's life. She was very proud of you and her grandsons.

I talked with Florence early this fall. We had a good visit. I missed seeing her so was glad we had that conversation. I know she had had a stroke but I was still shocked and saddened to hear that she had passed away.

She also did so wonderful work for my friend, Pat Nortwen, in her condo overlooking Loring Park - she actually did some architectural work and removed a wall, eliminated a doorway and re-located it, etc. plus other suggestions. Interestingly, Pat Nortwen, who was 93, just passed away the middle of December. So I have been saddened twice in November and December with two very special people.

Dawn, I would really like to come to the graveside service when you have it.

My phone: 612-730-5250 and email: [sfspiano@gmail.com](mailto:sfspiano@gmail.com)

Thank you for letting me know the date. I will be out of town March 31- April 11 so I hope the service will be after that date.

*Thought of Ms Ulrich who decorated my parents home in the 70s, looked her up, found this. So sorry for your loss. My parents home still has many elements of her beautiful design. She was way ahead of her time in use of color. And what a kind woman. She let my teenage brother take her little sports car out for a drive. He was thrilled. She left good memories everywhere she went. Happy that she came through our family's lives.*
