“ *I'm stocked. Please forgive me. I was the first person that met Frances when she started at the Tech. Bldg. at Northwestern University. She was a delight and had a beautiful heart and smile. I was going through my phone book and said wow I haven't talked to Frances for a very long time. When I talked to her last she was surprised to hear my voice. Her husband Larry and the kids were good. So I said I will call her now but let me go on Google to make sure I still have the right number. Then I saw her picture and her obituary and also found out that Larry had also transitioned. To Frances and Larry's children Please accept my deepest sympathy. Your Mom was beautiful in mind and soul. GOD bless you all 🙏🙏.*
