“ *Although myself or my friends may have never met Gary directly, we did love going to the MNLakesCams site almost daily as our fishing group would plan our annual Ice Fishing Trip every January. As you can imagine, probably not too many people coming from Southern California to Ice Fish, but the live camera and website was a way for us to stay connected to the lake. Being able to see the conditions of the lake, the weather and most importantly the Ice, it created excitement and anticipation for what we would see next. Imagine to our surprise when there was an Ice Rink constructed overnight or some of the amazing skies that would appear over the lake. I'm sure Gary was loved by many and will be missed, but thank you Mr. Taylor for creating a way for us to stay connected to the lake while bonding our group of friends by your vision.*

Thank you So Cal Boy's

“ Dear Brad, Charise, Anna and Jack,
Mary and I send our sorrow and sympathy to you and your family.
You should know that there's not a day that passes that I'm not
checking out the lake on Mnlakecams. I would have enjoyed
meeting your father and thanking him!

“ Although I never met Gary, as a long-time friend of his son Brad, I
am saddened both the loss of what surely was a very special man
to raise such a terrific son. My thoughts and prayers are with the
family in coping with the loss, while celebrating the life, of a good
man.

“ Bev, Brenda and Brad, It has been so heartbreaking to hear that
Gary passed away. Getting to know him over the years, I saw what
a loving husband, father and grandfather he was to you all. Losing
such an important person in your life is devastating and I want you
to know how sorry I am for your loss. I pray that God will give you
comfort and bring you peace.
Love, Mary Beth
