“ Gen and I worked together for many years at both MT Sinai hospital and the phillips eye institute .We have shared our families together at lunch that lasted for 2-3 hours haven't seen each other for a couple of years,always shared christmas cards and she never forgot my birthday until last year.She was a neat lady we even went to Terrys during our friendship.Sorry I won't be able to come to the funeral.I just buried my sister today.She always told me how much she loved all of you.I always called her Temte before you could use first name I will always remember how much she cared for me as her friend.My thoughts and prayers are with you at this time.
