“ *Thinking of Gen always makes me smile, as she was always smiling and finding joy and fun. From being part of filling our car with balloons on our wedding day, to joining us on a peddle pub - Gen loved life.

“ Gen was always so upbeat and lots of fun. I had many cups of coffee and snacks at her house. She was always a source of support for so many, including me. The Lord has her in his hands now. Love to all of you.
