“ *Jerry Our Neighbor  
Separated by a chain-link-fence and a row of hedges, Jerry Crawford our neighbor is remembered for providing his kind smile and a friendly wave every day, reaching his arm over the fence to give our dog and a dogie treat, reaching his arm over the fence to give our toddler children a cookie, sharing his stories in the service with my husband, and providing soft spoken words of insight during our chats. He is loved and will be missed, but we are grateful to have known him and grateful to have all our memories of him. Kris Stahl*
