“ What a guy! Dr Jerry lived BIG with his community involvement, sports and his dedicated work. For me, he could walk behind me and then ask “does it hurt here?” Greatest hands I've ever seen.

I enjoyed his positive attitude, his talents and the time we spent together

Way to young to make this trip.

“ *Jerry, You were such a "fixer!!!" you helped all of us when we were in a lot of pain. You even helped my cat when she came home with her neck out of place! Most of all, thank you for being such a good husband to my sister. You two were good together, and got to travel and enjoy many things. You will be missed by all of us. Rest in peace, until we meet again.*
