“ Gerri was a great attorney and represented me well for quite a few years. The Minnesota legal community is much poorer at her passing. For husband John and all the children and grandchildren, please accept my deepest and most sincere condolences. She was a great lady!

“ John and family, Gerri was my family law professor at William Mitchell in 1996. She was the most energetic, devoted and inspiring professor I had while in law school. Her recall of case law was incredible and intimidating...you knew never to question or doubt her when she cited a case and what it stood for. Gerri's passion for helping people inspired me to pursue family law when I graduated. She was always eager to share her knowledge and to help me and others. Gerri encouraged me to pursue creating an independent study course in family law and agreed to be my supervising attorney. I cherished the time I spent with her when I was a student and the time I spent with her as a colleague. I will always remember Gerri's compassion for people, her intellect and her love for her family. She truly touched, helped and inspired many people. Gerri was one in a million and will truly be missed.

“ *John & Children: My sons and I want you to know that although not having Gerri with us is, and forever will be, very hard on all that knew her, we are finding some peace knowing that Gerri is no longer in pain and is at peace in heaven, with family and friends that made the journey before her. We have never known anyone like Gerri and do not think we ever will. She was truly one of a kind!! We feel so honored to have had her in our lives. Gerri gave us hope when it did not seem like there was any. Although Gerri was the special one, she made us all feel like we were the special ones. Gerri was more than our Attorney, she was our friend. Thank you for sharing her with us these past 10+ years. Words cannot express how she will be missed. You have our deepest sympathy. “ Dearest Steen family, as a long standing friend with Gerri, to hear of her passing was needless to say, a shock! She was one of those people that you thought would live forever...making wine, traveling, playing organ and THEN saving the world.:-)She was a gift to our whole family and I/we will miss her greatly!! “ March 13, 2012 I cannot express how much Gerri touched my life. I met her when I began renting from her. I told her at that time that she made me feel special and that I could do anything. I am going to miss her so much. We had become friends and her passing has affected me deeply. Her spirit will live on in all of the lives that she touched. I am so grateful that she came into my life.

“ Gerri was an influential person in my life. She taught me to be unique, be strong, and stand up for others who can't always stand up for themselves. She taught me that a woman can be powerful, zany, spunky...age is just a number. Thank you, God, for making her a part of my life.
