“ *My dear friend is no longer suffering. Jerry touched my life in many ways and showed me things I would never have experienced if not for her. I was included on a six week family vacation when I was 15, I saw Canada and the West coast. She took me to plays and to eat at an upscale restaurant when I was a teenager so I would have that experience. She called me her “other daughter.” She supported me through a rough patch when I was struggling and helped me to learn why. She called me everyday for years so I knew she was ok and if she missed calling I would go check on her, that happened twice which was pretty darn good. I have missed our relationship due to her Alzheimer’s disease and am at peace knowing she is resting with our Lord.* ”
