“ My parents were neighbors and good friends with Gladys and Ken. They shared many many fish fries with them, bought cars from Ken, and my mom and Gladys loved their “trash magazines” as they called them. So many memories they shared. And lots of laughs - which is what I remember most about Gladys - her laugh!

Gary and I are currently in Florida for a month or we certainly would have been at the service. My sincere condolences for the family.

“ She always made you feel the most important person in the room when you arrived. She also had a fetish about hair. Hmmm. She is gonna be missed.

“ The Gladys I knew was always stylish, witty and sharp as a tack. She always brought her humor to brighten up my day. I'll never forget her generosity and will miss her a lot. My thoughts go out to her beautiful family. May they find comfort and peace.

What I'll remember Gladys for her excitement when ever you showed up. Also she had something about hair... she would take my hat off and tell me to never cut it. Seemed like always needed haircut when I saw her. She always appreciated the box of candy even though she couldn't eat it. She will be missed.
