“ *I remember one year I had the pleasure of riding along with my aunt on her yearly journey from Minnesota to California. My dad teased her(like he frequently did) of having a heavy foot. Well, she was speeding down the open highway on one of the many travel days, going who knows how fast in the middle of nowhere and all of a sudden the road dead ended. She slammed on the brake and her heavy Cadillac,, filled with all her suitcases, slid for it seems like minutes. We barely stopped on time. We both had eyes the size of a saucer then laughed till we cried. For the rest of the trip she went the speed limit. I will never forget that trip.*
