“ We rented from Gunta and her father in the early 1980's. My husband and I have so many wonderful memories of that house. They had great stories of their pet pigeon (Googoo), who had a room all of it's own. Many stories of their time in a concentration camp during WWII. I remember all the flora and fauna they had collected and displayed in their basement. Gunta and I exchanged Christmas cards every year, and we kept planning to go Morel mushroom hunting! When I didn't get a card this Christmas I thought something must be wrong! I wish I had called. Can someone contact me and tell me what happened? Marti
