“ Harley was a kind, caring individual. He rode the roller coasters w/such enthusiasm & played his music w/passion.He loved seeing Manny B. and made his love of "Shock Wave" known to all.We'll all have our memories of Harley, but the one that will always stick in my mind is him asking Marvin the Martian where he parked his space ship?!...lol. Glad I was able to speak to him on the phone for my Birthday about a week prior. Our memories will be held dear in our hearts. Rest in peace, friend.

“ We met Harley at Six Flags Great America (Gurnee, IL), where he religiously came with his long time partner, Sue. He, and Sue, became great fans of The Manny B. Group and more importantly, good friends of The Manny B. Group family. Harley was a true, loyal fan, and would travel great distances to see Manny B. and the group perform at several places in Minnesota and Wisconsin. You could always count on seeing him, and Sue, at the venues. Harley was an avid roller coaster enthusiast. He also professed his love of music and playing his guitar. He would share recordings of his band, Beyond Beyond, with Manny B., and was very proud of his music. He was fun loving, friendly, down to earth and a true friend. We will miss him dearly.
