“ *Hello cousins! I am so sad to hear of Harold's passing. You all are the only cousins I've ever known and I feel a great loss. I grew up with Harold and Jim being great influences in my life. Family is so important to me. Then Marlene joined the family & then the children & grandchildren. I love them all and pray for you all regularly. As the years have gone by the family has changed in many ways & has diminished in numbers but it's so important that we continue our family favorite traditions to the best of our ability. Love you All.*

“ Awe...so sorry to hear. I have such fond memories of Harold both at work and out. You could always count on Harold to get things done at SEKO MSP! You could also count on hearing his opinion...whether you wanted to or not! One summer, Harold and Marlene were passing through the Buffalo area so we invited them to stop by our summer home at Rushford Lake. I turns out they like it so much they decided to stay a couple of extra days...even after we had gone back home. Needless to say, we had a lotta laughs! Harold complimented that Rushford was one of the most beautiful lakes he'd ever visited...now that's a lofty accolade from a resident of the land-o-lakes state!

Marlene, our thoughts and prayers are with you and the family. God Bless.
