“ *The things I remeber most about Grandma Hanson is her strong will, perserverence and kind heart. As a childhood survivor of the Great Depression, grandma learned the value life, family and friendship. As a single mother of five, she endured perhaps one of the most difficult generations in recent history. She will be remembered.*

“ *We are very sorry to hear of the passing of Harriet. We understand what you have been going through during her passing. As much as we don't want to let go it is sometimes the only choice we have. You did what you could to help her, but it was her time and I'm sure she was well cared for before her passing.*

*Please accept our sincerest condolences to all family members. I'm sorry that I will not be able to attend her services due to health reasons at this time. We will keep you in our thoughts and prayers for her eternal rest. I know she will be happy to see her sister(Gladys) and her brother(Roger). May they all rest in peace. Once again,you have our sympathy.*
