Tom, Donna & Matt Jarvi - November 27, 2012 at 12:59 PM

“ Dear Rantala and Johnson families, I have a picture, most likely taken by our Father Arthur John Goodman, of Harriet and Richard on a hillside in the woods on a picnic with sister Charlotte Virginia Johnson Goodman and Art, and other friends, all having the wonderful looks of youth, and having a wonderful time with other friends, I imagine somewhere near Brule, WI. Each and all are handsome and lovely. Harriet and Richard and the entire Rantala family have been stalwart and loving in caring for family and friends throughout the years. The Goodman's Anita, Mary, John, Elizabeth "Bethy", and Gary send our deep condolences to each and all in your and our extended families; Harriet will be deeply missed, I am glad she can now reunite with Martin Richard and daughter Kathy who has been so greatly missed, and all of the siblings, parents, grandparent's, great-grandparent's and friends of whom Harriet and Richard and Kathy have many and all extended family gone before. I look forward to celebrating Harriet's life with each of you that can be there in a month or so. Harriet and Richard and each of you have shared your homes, families, wonderful food, and support throughout the years...honoring our parent's with anniversary celebrations and loving gatherings when they departed. Harriet felt the richness of each of the members of her family and felt and shared her love and let me know how much each of you means to her. I am so glad I was able to visit with her at Martin Luther King Center...in Jill's company. Much love and deep condolences to each and all. I look forward to us gathering to honor and celebrate Harriet's life and that she is free and beautiful on so many levels again....
