“ It has been such an honor to have gotten to know and spend time with Hazel who til the end still shared her beautiful smile and 'pose'. I will always remember her being our hostess with the most-ess when she first came to live with us as well as her charm that especially was displayed around the 'fellas'!!! She always got that special twinkle in her eye when ever we spoke of you kathy...she loved you very much. I will not be able to eat a snack of popcorn without thinking of her and will forever be a better person because of having Hazel a part of my life. Best to you all and I trust your memories will hold dear in your heart. In spite of the dementia that robbed her of her independence, your Mom was happy and shared that happiness with all those fortunate to have known her. Please Kathy if you ever get the desire, come visit us at the 'rose'.
