“ *This is a note Helen's niece Sharon Lewandowski sent to Tricia and it is a perfect example of Helen's style!*

Ken came up to me today with this adorable ceramic doggy ... that Helen painted for me shortly after we got Missy! She called me several times trying to get the color pattern and the eyes right. She had only seen a picture of her. When she saw her in real life she looked at the ceramic doggy and said "I pretty much nailed it didn't I?" YES, she did!
