“ Just two weeks before, we shared a Facebook Messenger messages about our Norris Family ancestors. Such a shock! I am SO glad that I had some time with him about 18 months ago (or a year before perhaps!?) to review family photographs and memorabilia. I was gone from St. Paul before Skip grew up, so I had not spent that much time with him - but his parents always found time to take us out when we home from overseas missions. Love and prayers to and for all the family. Alan and Valerie Demos
