

Ms. Inez Melton

January 13, 1926 - July 31, 2020

Melton, Inez Longtime Minneapolis resident Inez Melton, a civil service worker and neighborhood advocate, died of natural causes on July 31 2020, at age 94. She was active until the last few years of life. Inez was a long-standing neighborhood matriarch successfully lobbying for safety improvements like the increased number of streets lights around the 45th & Portland Ave area. Inez was born in Louisiana in 1926 and eventually relocated to Minneapolis as a young woman. With little to no family in the area, she said she "decided to stay in Minneapolis because her neighbors and friends became just like family and the city had been so welcoming to her". Ms Melton also was a long-time member of the Park Avenue Methodist Church (3400 Park Avenue) and made some wonderful friends at the congregation. She had such fond memories of her time spent in service there. Inez leaves behind her loving son Eddie whom she has cared for since birth. They were not only Mother and Son, but the absolute best of friends over the years. She also leaves behind a host of extended family, wonderful neighbors and Minneapolis comrades who remember her bright personality, tireless service and motherly advice with the utmost fondness. “ Inez was a lovely person to me and my family we worked together back at the Minnesota Air National guard, she and Eddy were my best friends. We always kept in touch. I would visit every time I got to spend time with my in-laws from StPaul. We always would call on the phone too. She has been on my mind so often these last few months and when I looked up her address to mail her Christmas card I found out she passed away. My heart sank and tears just rolled down my face. We always had fun together I'm gonna miss her terribly. I wish I could find Eddy and visit him or know if he is ok. Inez took such good care of her son, the house was always so clean and very pretty, her gardens would have the best vegetables and flowers, this lady was a caregiver caretaker gardener everything you would want for a mom to be. I learned so much from her, I know we will meet again. I loved her and Eddy....God Bless them both...if you know where eddy is please message me on FB.
