Tribute Wall

“ Ms Tufvander was my high school English teacher in the late 1960s. There were 500+ students in my class. Senior year, we had a special learning day and all the classes did something out of the ordinary. Ms Tufvander had us write what we thought about this day. I wrote in my essay that I would love to read my essay in the future. She mailed it to me after I graduated. Thank you for listening Ms Tufvander. Professional, caring teacher! Rest in peace.
