“ To all that knew Jacob, we would like to express our thanks for the support and kindness that you all have shown us through this very difficult time... It's never easy to loose loved ones ever; its expecially hard when they are so young and seem to have their whole life to live and have so much to live for. Just know that Jacob and Justin are together reunited as brothers in their new life together up above; they share no pain or suffering anymore. Jacob and Justin will always be remembered by us and everyone they touched here on earth, they were our joys and now our angels watching over us.. So be kind, support of, lend an ear to friend in need, let the ones know how much they mean to you and how much you care and love them because you just never know when its the last time you'll see them or talk to them.
