“ You will be missed by so many people. You had a friendly spirit and a great smile.

You were a good friend to your brothers, Bob & Don-especially Don, your oldest brother. When he left home to attend Concordia College in Moorhead, he told you and Bob to keep an eye on me. I was a junior and had been dating Don. At the first Minneota High School football game, I came with a male friend. We soon noticed mud clods and pinecones landing by us. I finally turned around and saw you and your friends-doing just what your "big" brother asked of you-keeping an eye on me! It was serious for you two brothers to keep your promise. I've chuckled over that many times. (Don married me even after your report!)

You are at peace now. I will cherish the time I have left with Paula!

“ I will miss our frequent calls together discussing cars, repairs, activities and solving the worlds problems. I have fond memories of motorcycle rides, an airplane ride over the tallest building in the world (Campanile - SDSU Brookings) and other adventures in various vehicles James had. He was funny and a joy to be around. Uncle James, you will be missed! My condolences to my Aunt Paula and cousins and their extended family.

“ *Jim took me in when I was a highschool kid when my Mom moved away. I wanted to stay with my buddies Mike and John to finish out highschool which I did. I learned more from Jim and Paula in that short time than I did in highschool. When id see him building something in the garage like a wood hot tub or a John Deere tractor id say what the heck are building now he'd tell me and id say whoa looks like a big job . He'd smile back and say if someone else can build it so can I. And a few days later his project would be done and running perfect. Then the wink would come out and we would both smile . He always impressed me and I have carried that motto with me thru life . If anyone else can build it so can I. Thanks Jim for a lifetime of accomplishments ! Love you Chris St.Cyr*
