“ I will miss seeing Jan at the 9:00 Mass at St. Odilia Church and at many St. Odilia events and programs, including the St. Odilia Prayer Group. In recent years, she would often sit with a predictable group of ladies at Mass and often be joined by a nice family member or two. It was inspirational to see her serve as a Mass Coordinator into her 90s, often with Rod, Mary Jo and other family members assisting; I loved the teamwork. And, Jan always looked so classy.

“ Jan was a great lady! Kay and I joined her ministry team at Johanna Shores and were inspired by her grace and leadership. She was deeply loved by all those she cared for and will be missed by all of us on her ministry team. We will do our best to keep her mission and memory alive.

“ Our family still talk about all the good times we had together with  
our kids. My dirty pipes George and Owen always kidded me about.  
We played a lot of bridge together and talked about her neighbors  
"The Brown Boys"over many cups of coffee. I imagine George, Don  
, Owen and Janet will have a great reunion.

“ She may have called me "Bubbles," but she was the one whose  
personality bubbled over! She was an amazing woman. I am sorry  
for the loss of this wonderful mom, grandma, and great grandma.

“ Janet had a beautiful and generous heart. I know Derek from law  
school. My first encounter with Janet was on Facebook. Janet had  
commented on a Facebook post that she'd be praying for Derek as  
he prepared for the bar exam. I replied, asking that if she had any  
extra if she could say some for me. She happily said she would and  
they must have worked - because I passed! I always enjoyed seeing  
and visiting with Janet. I am so sorry for your family's loss.
