“ I salute my fallen Local 110 brother. I only got to know him just a few weeks before he passed, at the refinery job in Superior. He seemed quick with a smile, always a welcome thing at work. While I was not able to get to know him well, it was really something to see the reaction of those who did know him well. News of Jay's passing hit them hard. It was obvious that he'd a had a significant impact on those he had worked with.

*At the next regular union meeting, news of Jay's passing will be read. At the point, the room will fall silent for several moments, and all present will rise in recognition of his memory. The local union charter will also be draped for 30 days.*

*May Jay rest in peace, and may his family find some comfort in the knowledge that he was well-liked and respected by the men and women he worked with.*

“ *To Jay's family and all of the friends: we couldn't be more sad to hear of this loss! Memories of Jay go back so many years, and we've just been flooded with them these past few days... I'm fortunate I got to see him on the occasions I did, and to have gotten those last hugs and laughs that I will never forget. He will be forever missed! Becky (Gonko) and Ryan Diehl*
