“ *Wish she would of returned my mother's gold necklace before she died. Meant more to me as went with my mother's gold watch pin. Always wanted what wasn't hers including Barb and Kris*

“ *My name is Lizbeth C Wolf and Auntie Jeanne was my God Mother. She has been part of the Wolf family since I was born. She gave me an indian name Sun-si-rae meaning morning flower on a small heart charm which I still hold dear to this day. My mother Adeline Wolf and Jeanne were like sisters! They sent the same birthday card back and fourth to one another for over 40 years. I miss her hugs, scent of perfume, voice, laughter, story telling and soft touch. She was a remarkable women. I love you and I miss you!*
