“ DeAnn and I are saddened to hear about Jeff. Jeff (or Animal, as we called him back in our youth) and I spent many hours studying together, and many more hours playing together back at UND when we were studying Electrical Engineering and working in the Civil Engineering lab. We worked together for a while in the mid 80's and had since lost touch with each other. He was a big man with a gentle soul, and will surely be missed.

“ I am proud to call Jeff a friend, a great co-worker, and an ever giving person. The Great Dutchman. It was an honor to know him, and I am glad I finally got to meet his wife about a month ago. My sincere condolences to all his family and friends, and I hope they all find peace. Take comfort in the love he had for all, and just what a terrific person he was. I will miss his laugh, his humor and his friendship; Never to be forgotten. I hope he is enjoying his can of Mountain Dew on Heaven's beach.

We are so sorry to hear about Jeff. We have so many good memories of our times shared with him and his families. The friendship he and Jim had all through the years will never be forgotten. I can't even imagine the things and trouble those two got into. May GOD be with you all now and the days ahead. May you find peace in all your memories. Our prayers are with you now and in the days ahead. LOVE JIM and Kathy Weirsma

To the Van Der Wal family, I am so sorry to hear about Jeff passing. It's been several years since I've seen Jeff but I had the pleasure to work with him several times at Northwest Airlines. Jeff was a great person to work with and an exceptional engineer. May you all find comfort and peace through family and friends during this difficult time.
