

# Jeffery John Goihl

October 12, 1960 - December 25, 2023

Jeff Goihl. 1960 - 2023

Jeff passed away Dec. 25, 2023, taken from us way too soon, 3 1/2 years after his cancer diagnosis.

Jeff grew up in Melrose, MN where he spent most of his time on the golf course. He credits his family and Coach Ploof for instilling in him his lifelong passion for and love of the game. Graduation from Concordia College (where he met his wife Annette) led him to a career in finance, primarily at Wells Fargo. He retired in 2014 and enjoyed many years of traveling including multiple trips to his favorite get-away spots-Maui, NYC and Chicago.

Throughout this life he surrounded himself with a fabulous group of friends and relatives who continued to provide love and support as his time grew shorter. He cherished those connections and thanks you all.

We've elected not to have a service or visitation but would like you to take that time to do or plan to do something you've been putting off. Life can be cut way too short. And while you're at it, consider a donation to your local food shelf in Jeff's memory.

Jeff was a fantastic husband, brother, son, friend. Much loved. Much missed.

“ *I met Jeff in the fitness room at Grant Park. We worked out together doing our own workouts at like 3:30 AM. Crazy! We'd talk politics, sports and other topics that came up. Although we never really hung out together I considered Jeff a friend. I am so saddened by the loss of this decent good man. Peace my friend and condolences to Annette and the entire family.*

“ Got to know Jeff at First State Bank of Spring Lake Park. Became a good friend, my best friend at work. Enjoyed golfing with him (I think he was tolerant of me as he was good and I wasn't) and playing basketball. He and Annette allowed me to park in their driveway during the state fair, which was nice.

After FSB SLP was acquired by Norwest, he took on a different role while I stayed with the branch. We stayed in touch and would have lunch occasionally when I eventually moved DT Mpls. Kinda lost touch during COVID and when I retired in 2021, one of my goals was to golf with Jeff again and show off my new found golfing skills. Was crushed when he told me that he was sick. We did have lunch a couple times a year and it was great to reconnect with him.

He was a good friend and I regret i didn't stay in touch with him more and golf with him more. What I learned, and my advice to all, is not put off getting in touch with friends. Heck, don't lose touch with them, at all.

Jeff was a good friend and taken from us much too soon. Miss you, Jeff, and the next time I tee it up, I'll hit two. One for me (which Will probably end up being a lost ball) and one for you.

“ I'm Jeff's sister-in-law. I loved Jeff's ready smiles. He was very kind and generous to me. I know he was the great love and support of Annette. I remember how he enjoyed our family get-togethers and how Esley, the great niece was especially drawn to him. He really enjoyed her too. I miss him but I know he went peacefully to be with God and his family and all the rest of the saints in heaven. We'll see you someday soon, Jeff.
