“ I loved Jen and considered her a wonderful part of my family for a while. I lost touch and now you are free and with your family. You were loved !

“ Jen, my heart always will love you. There are so many trials and tribulations in this life. You fought hard. I will remember the fun times, and memories, and the times that bring a smile to my face. I know you've been missing Mom, Dad, Don, Dean, Holly and Chez. They welcomed you with open arms. I miss all of you so very much. Bittersweet. Be free of the darkness now Jen. Feel the sun on your face and embrace your forever journey. I love you- for always-

Your little sister,
Nikki
