JE

“Wow. I just heard this news last night. While we have drifted apart in the last few years and didnt see as much if each other as we would have liked there is certainly no love lost between us. I am deeply saddened at the loss if such an amazing person. I wouldn't be the same had we not known each other. I wish i had known, things got so bad so fast for her. Jenny was the kind of person to always see the best of people. She would always leave change on the table at Hard Times. She went out of her way to be friendly to everyone and I know anyone who knew her will not soon forget her smile. My heart goes to her son, husband, and the rest of her family. I'll miss you, Jenny.

“Hello- we just received the terrible news from Mr. VanVoorhis that Jennifer lost her battle with cancer. My son Nic participated in her math class and enjoyed her laughter, positive encouragement and motivating attitude. Heartfelt condolences and know you are in many thoughts and prayers- The EIDorados
