“ I got to know Jill later in life and she was the funniest and happiest of people to be around. Working with her was great and socializing with her even better. I will miss this amazing friend who was truly beautiful inside and out.

“ Jill was my first introduction to Cargill and her warmth and enthusiasm were a major reason I joined Cargill, a decision that was a key milestone in me and my family's journey. She had such a positive impact on so many people's lives! She will be missed.

“ I will miss Jill dearly. Coming out of school, knowing nothing about working in the U.S., I was so lucky to have Jill welcoming me to Cargill with her open arms and genuine smiles. Over the years that followed, I got to know Jill as a friend who cares about people, loves life and is afraid to try new food (she ate broccoli and beef whenever she could while travelling in China). Rest in Peace, Jill.

*Jill helped make Minneapolis and Cargill a warm and welcoming home for so many of us former SBD / CSDers. There are many many indelible memories with her, including some very fun offsites, campus recruiting trips and Super Saturdays. She will be missed so deeply by so many*

“ *Jill was very keen to get to make a connection with my mother when she came to visit me from London, England, in Minneapolis, and was very welcoming. My mother was grateful of the personal attention.*
