“ I loved my beautiful sister Joan. She was always kind, never needing to be the center of attention; her kindness was one of the beautiful things about her.
My mother, used to perm Joan's hair so Joan looked like mini-mom. It was confusing to a very young sister at the time.
So many wonderful memories about my loving sister Joan.

“ I am so blessed to have many wonderful loving memories of my sister Joan.
Here is one that is funny now but wasn't at the time.
Joan was about 20 years old, I was about 9. She was giving me a ride home in her VW bug, I think it was orange or yellow with a black convertible top. It suited her, young and beautiful, a woman/mom on the go. It was winter and we just passed the Basilica when under the bridge Joan hit ice and we did about 3-4 360's. Scared the living' daylights out of me. Just as suddenly the car righted itself and on we went to reach our destination safely.
