“ Miss Kriegler was my Kindergarten teacher many years ago. It was her first year teaching and I attended Sandburg Jr High because the elementary school I would be attending later wasn't built yet ~ Meadow Lake School. Years later, I was surprised to learn that my son also had Miss Kriegler when he attended New Hope Elementary. When I talked to her then after so many years, I told her who I was and asked if I've changed. She joked back "you've grown!" I remember her as being warm, friendly, and and good teacher to my son.
