“*JoAnn's was such a gift to the MS Society and all of her connections and coworkers. There was no one anywhere who knew so much about parking, building maintenance, mailing machines, mailing protocols, mailing institution and all the people who were connected. She was a quiet connector and her sense of humor was perfect! She would often have large groups of volunteers assembled in the workroom talking and putting together a mailing.*

JoAnn was one of those people who left the world a better place. She will be missed by us all!

PS

“*It says a lot about a woman who raised two loving women, who in turn gave everything they had to support their Mom at the most trying time of her life. A family is not about a Mom taking care of her kids, it's about taking care of each other, which you have done beautifully. I know JoAnn is proud of who you are and now you will have to carry on her memory and celebrate all that she gave you. Much love to you all.*

“ JoAnn - we had such a good time working together, and then we kept that friendship going after you retired. Where did the time go. I am going to miss you soooo much. Keep following that Angel, her light will guide you.

“ Sally, Jim and boys,

Our hearts ache for you at this time and we are so sorry for your loss.

Please know that we are thinking about you and hope you all get through this trying time.

Much love,

Sue and Ken
