“ My children and I are so saddened to hear of Joe’s passing. He was a lovely man. Kind, gentle and loving. His love of family and commitment to all of you was admiral. He held a soft spot in my heart for being that kind of man, who helped me all those many years ago. One of the last times our dads fished together was when my dad had cancer and they were sitting out on the ice on the pond at the Dam. Dad had called me to bring something to him and I refused to walk out onto the ice. Our dads laughed and laughed. Both of them assured me I’d be fine. I still didn’t believe them. Of all of my fathers friends, there are 3 which I hold most dear, your father being one of them. I’d like to leave you with an old Eskimo belief..... May you look up into the darkness of the nights sky and see a bright twinkling star shining down upon you, where the love of your father pours through heaven to let you know he made it and he’s okay.

Patti,

I adored your Dad. He was one of the best, the kind of man they seemed to have broken the mold on. Watching his service made me smile as the priest spoke of his love of fishing no matter the weather. I can still see our fathers together, fishing and at the hotel back in 1978 where they first met. I had to smile when they spoke of the children in the neighborhood seeing his truck and racing to the grandkids homes to see him. The neighborhood kids did this with my dad too. The patience of Job, the magnetism of children and love of family, no wonder they were such good friends. I remember driving past the house in GV many times wanting to stop and say hello but I'd heard he had moved. He was one of the best. Something to be very proud of. I loved him dearly, as he was always so good to all of us too. May you and your family know her s warmth, kindness and generosity lives on in others too. I'm so very sorry for you and your family's loss of such a great man.
