“ To the whole family,
We are so sorry for your loss...we are sure however that his friends all remember how handsome he was...and how they used to roll down the window and stick HIS head out....to pick up girls!...I have a lot of great memories of Joel all the way into his late life. I will miss him.

“ I worked with Joel for almost twenty years on the St. Louis Park Housing and Redevelopment Authority. He was chair and with his leadership St. Louis Park was the one of the first suburbs to create housing for families and seniors with low incomes. His contributions to our community were significant as Joel was not only a talented architect, but always a professional and gracious man. I learned a great deal from him and will remember him always.
