“ I just want Dr. Cich family t know that it has been a few years and I miss him every day. In fact, I carry his picture in my wallet and kiss it from time to time. He took such good care of my son Paul, and went through everything with us. Andi Adelman

“ I work at Children's in the pathology/histology lab and knew Dr. Cich. He'd walk down to check results or look at slides and always stopped at my desk to say hello and chat a minute or two. We lost a good doctor when he retired - you've lost a good man. Our deepest sympathy at your loss. May God bring you peace.

“ John and I served in the same unit during the Vietnam War. We met several times during our unit reunions. We shared many stories and always a laugh or two as we reminisced about our days in the Central Highlands. We in the 1st Battalion, 92nd Artillery will miss you deeply. Rest in peace brother.
