“ Being a fellow Kiwanian with Jack for a number of years, he was all about service and taking care of others. While I was Chair for the annual VillageFest breakfast, 2010 to 2019, I couldn't have pulled it off with out Jack. He promoted and worked harder than anyone for the success of that day. And that was just a drop in the bucket to how much Jack did for the community. God speed, my dear friend.
