“ Oh boy the times we had growing up on the same block and being born the same year. Summers were trips to lake Nokomis with are neighborhood buddies to go swimming, or a trip biking to Minnehaha falls to follow the creek to the Mississippi river to check out the sandstone cave or throw rocks in the river or if we we're lucky watch a badge tow go thru the Ford locks. Winters back to the falls and don't tell anyone but go behind the falls. Often we found ourselves sliding down into the deer pen. Oh the memories, lots of activities growing up untill high school graduation when John joined the Navy reserve and I unlisted in the regular Navy. Over the years we have always stayed in contact. I am sad but also glad because I know John knows our Saviour, who promises all who believe eternal life. Untill we meet again buddy.
