“ Dad,

This was the last birthday card note I sent you I'm so glad you enjoyed it & we were able to talk about it & express just how much we meant to each other

"DAD

If I described you in ONE word it would be UNIQUE

You are one of a kind! As you now turn 92yrs. Old there are very few that have accomplished what you have in your life! You've had so many experiences growing up, started businesses, worked for yourself, built so many things(houses, houseboats etc.), driven almost everywhere in the U.S., rode a tugboat & been a friend to many, helped others, & been an influence in so many lives. I'm proud to have you for a dad!

Even with all the projects you always had going on & the long work hours you put in you still made our lives fun, traveling, spending time on lake vermillion etc.

You took good care of us & set a great example to follow.

I wish you a BIG HAPPY BIRTHDAY! & Thank you for all you've done for me we're lucky to have you!

Love you Dad you're the BEST!

Your Daughter Linda!"

Scott & I will miss you! We both love you very much we'll never know anyone like you again. You were a Dad, Best Friend, Mentor & Father in law we'll miss your stories, your sayings you always had for situations, your guidance.

We were very close I grew up with you learned to drive (more than just cars) from you, you walked me down the aisle when I married, but also after marriage we lived under the same roof, or shared properties, traveled together & were business partners for many yrs. we had so many good times with you & mom.

We learned a lot from you about everything.... you always looked for solutions to problems moved forward no matter what, built & tried things no one else would have & yes were remarkably "charmed" in

some of your endeavors or when some things didn't quite go as good as expected :-)

The most favorite times ever were @ the lake & on the houseboats you made & taught us how to make our own.... & building the cabin together & the working "honeymoon" trip for Scott & I truly some of the most special times of my life!

You helped many others as well just a couple examples of the type of person you were you gave a homeless couple jobs, helped them buy a trailer & helped them keep it, you helped another driver when they thought they'd loose their house you helped them keep it.... that's just a couple of the many hundreds of good things you did in your life.

We did our best to care for you & look out for you as age took away your independence. We'll fulfil our final promise as well & set you & mom free together in ashes.....

“ *Father I am so thankful for you being my father. Thank you for all you taught me and for always being there for me. I'll never forget the day you taught me how to manicure my nails when I was a teenager, how cute you cared about how my nails looked. I love you dearly. I will see you again in Heaven.*
