“ I am so sorry for your loss. It is so hard to say anything in times like this to make anyone feel better.

I just want to let you know how much your Father, Grandfather, and Brother meant to me. I met him when I was 19 at Buffalo Hospital I worked there as a maintenance assistant. It was his sense of humor and his kindness that drew me to him and kept me interested in him, he was at our wedding and kept in touch with letters greetings and pictures.

I remember him showing me pictures of his cabin and I dropped off a lot of stuff the hospital was throwing out at his town home for him and just loved hearing what he was up too and listening to his stories.

again I am so sorry and he will be greatly missed.

GOD BLESS

“ I was very saddened to read about Dr. Rydberg's death. I worked with him at Unity for many years and had much respect for him. He always treated me, a nurse, with respect; I always appreciated that. I will miss hearing from him at Christmas time; his letters were always filled with obvious pride and love for his family. My deepest sympathy to all of you.

“ I am sitting here looking at some of my many photographs of Uncle John at numerous family gatherings and remembering all of the great times. Every Christmas, he sent me packages of wild rice from Minnesota and I will always think of him while enjoying my wild rice and chicken soup.

Warmest thoughts to all my Rydbergs cousins - Love, Joanne
