GF

“ Although John and I had worked in the Northwestern Bank Group for a number of years, it wasn't until 1979 when he joined the Old St. Anthony Bank that we first became acquainted. Over the next five years our working relationship transformed into a great friendship, making those five years among the more enjoyable of my career. That friendship continued on throughout our retirement years and I am saddened to remove John's name from my email, Christmas card and birthday lists.

*My sincere condolences to all of you in John's family...your "Dad" was a great man!!*

*RIP JOHN!*
