“ *When I started at Honeywell, Jack taught group of us how to program a Honeywell computer. He was a major technical talent all the years he and I were there.*

“ *So much of my success in my career is from what i learned from Jack. He seemed to know everything! And i too loved playing volleyball on his teams. I am so sorry to hear this.*

“ *My condolences to Jack's family and especially to Sue.*

I remember Jack from our days at Honeywell. He was one of those "go to" people that could solve a problem others could not. He also did very well on our volley ball teams.

“ Dear Ziegler Family,
My heartfelt condolences for the loss of Jack. Every time I would go to the Glenn to visit my father Tom, Jack was always next to my Dad in the main room with him. I would always say hi to him and he would wave back to me letting me know that he cared. There were many times when I would show up and change the station to sports and Jack always appreciated it as much as my Dad did. My heart sank when I saw his picture up at the Glenn as it was always "Tom and Jack" together. I will keep you all in my prayers.

Much love,
Jane Morris
