

## Jonathan Wallace Larson

January 2, 1991 - December 11, 2024

Jonathan was born on January 2, 1991 to Steven and Maureen (Richtsmeier) Larson. He was the third child of five. He graduated from Anoka Senior High School in 2009.

Jonathan took a very early interest in computers and programming. He had an intern job with Spectrum designing interactive websites at age 13. He became very proficient at programming using various computer languages. He briefly attended the University of Minnesota in their computer science program. Within the first quarter he realized he knew more than the classes taught and dropped out of college to pursue a career in computer technology.

Jonathan was very gifted in the area of programming and networking and was highly sought after to solve many corporate technology challenges. He quickly advanced through many different companies as he climbed the ladder of corporate IT. The companies he worked for included: Spectrum, University of Minnesota, United Health, Snap Fitness, Century Link, Proficient, Target, Grubhub, Capital One Bank, Fifth Column, Caribou Coffee, Object Partners, Optum, Gap and finally his own company called Garnet I/O, LLC, whose sole client was Target Corporation in Minneapolis.

Jonathan was very extroverted and outgoing, and he considered everyone his friend. He dedicated his life to helping others, especially those who had

financial and life challenges. He would often buy strangers and friends meals, gifts, and drinks. He would make his car, truck, apartment, and money available to any who needed to use it for a little or long time. If he saw a homeless person on a street corner he would pull over and give them all the cash he had in his pocket. He loved his cats Cheshire and Freya and called them his children. He was briefly married to Nicole Webb and resided in Chicago for a number of years. He returned to Minnesota and lived in the Anoka, Coon Rapids, and Champlin area until the time of his death.

He is preceded in death by his grandparents: Dean and Lois (Huisman) Larson and Wallace and Evelyn (Krisher) Richtsmeier. He is survived by his parents Steven and Maureen (Richtsmeier) Larson, his siblings Michael (Kristina) Larson, Matthew (Megan) Larson, Paul (Holly Ossanna) Larson, Maurisa Larson, and five nieces/nephews: Grady, Rayna, Finn, Lev, and Inga Larson, and numerous friends, cousins and acquaintances. He was friendly to everyone he met and most would call him a close personal friend. He will be sincerely missed by all who knew him.

Jonathan left this world to be with his creator on December 11, 2024 at the age of 33 years, 11 months and 9 days.

“ Jonathan and I met a couple years ago and fell out of touch for a while, but when my heat went out for about a week in early 2024 or my car battery died, he was there to help. I have kept him in my thoughts these last few months and he just won't leave. I wanted to post now just to let his family know how grateful I was to know him for the time that I did.

“ Yesterday I was devastated to find out that my older brother, Jonathan Larson, had passed away. Growing up, I couldn't wait to be with him, to play with him, even to watch him play his games. I looked up to him for everything. I found a lot of my love for many things through him. He was the kindest, most caring, most loving soul you could ever meet. He was my big bro, he took care of me growing up and even as an adult. I wish you were still here, I wish I could give you the biggest hug and tell you how much I love you one last time. I will always love you, I will always think of you, you will always be my big brother that I look up to, and I will always be your little sister. 💔🕯️

Steve - December 18, 2024 at 09:22 AM

“ So many memories of our dear son. Loved computers; was a whiz programmer and networking guru. He was 4 years old when his grandfather called to ask a computer question, I was gone, but Jonathan knew the answer. Another time a team of networking professionals were struggling for 2 days to get a group of computers to network. I suggested they call Jonathan, he had the problem solved over the phone within 20 minutes; he was only 14 at the time. Jonathan was always a giving person. He would help others in need even if it was his last dollar. We loved him, we will miss him. Rest in peace our dear son.
