“ *My momma, one of my best friends,. I want to thank you for EVERYTHING! I love you so much and miss you deeply. Thinking of all our wonderful times together through out the years and how you have inspired me and my life. I feel and see you all around me and that brings me comfort. You are the butterfly that sits on me in the garden we made for you,. You are the soft cool rain on my body when the heat has gotten so hot,. you are my strength when I feel weak and tired, but most of all you are my hero for you could do anything you set your mind to. I will long for you until we are together again someday. Love you forever Momma, love Vicki and the kids*

“ So many, many memories of laughter and love of a life well lived together. Her life and love was shared with many. Mom was an amazing friend and taught me the love of friendship and what a gift it is to have in this life, here on earth. She taught me how to cherish the making of memories, to find solace in the small things and how to stay resilient. Her humor and spirit brought smiles and laughter to the many lives she touched. I miss her beyond words as she was not only my Mother, but my Friend. I hear her voice now saying, ok Jame, time to move on and enjoy life, until we meet again! With all my Love, Jayme
