“ I am so sorry to hear of Joe's passing. Joe and I were friends in school growing up, and he was a truly kind person and good friend. I remember the time I came over to Joe's house to make a film together for a project in 6th grade English class. We didn't receive a very good grade on it, and I know that it bothered me and Joe greatly as we were both perfectionists, and very likely not used to getting poor grades. But overall, Joe was someone that was consistent in being very kind to others and working hard in school, and it rubbed off; the more time I spent around him, the more I found myself doing the same. My thoughts are with your family in this very difficult time.

George we remember you so very well, coming over to do that project. You were such a polite and well mannered young man. Joe had such great friends. It means so much to hear your thoughts on him. He thought highly of you as well. Thank you for your kind words. It means so much to us.
