“ *Josephine was a client of mine for over twenty years. We was one of the kindest, warmest individuals I've ever met. I can honestly say she meant a great deal to me and my company, CT Technologies.*

Well into her 90's Josephine would drive to our office to pick up supplies for her typewriter. She would ask me to put the typewriter ribbon and correction tape together so they were ready for her next typing project. She was a strong viable woman, never wishing to burden anyone. I admired the jewel she truly was.

I spoke to Josephine the November before her passing. My deepest regret is that I didn't see my cherished friend before she left this earth. I love and miss you my dear friend Josephine! Thank you for blessing me with your friendship.
